

AUSGRID Purchase Order Terms and Conditions

1 APPLICATION

- (a) These Terms and Conditions apply to the supply of Goods, Works and Services (as applicable) as described in the Purchase Order and, subject to paragraph (c), supersede any and all other terms and conditions submitted by the Supplier or discussed or negotiated by the parties prior to the acceptance of the Purchase Order.
- (b) The Supplier is deemed to have accepted these Terms and Conditions and the Purchase Order, and the contract comes into existence to bind the parties (**Contract**), on the earlier of:

 - (ii) the Supplier providing Goods, Works and Services (as applicable) in connection with the Purchase Order to the Purchaser;
 - (iii) the Supplier giving to the Purchaser a written claim for payment or tax invoice in respect of a Purchase Order; and

- (c) If a prior written agreement between the Purchaser and the Supplier has been entered into in relation to the Purchase Order, then the prior written agreement overrides these Terms and Conditions to the extent of any inconsistency.
- (d) Any specifications or special conditions set out in the Purchase Order override these Terms and Conditions and (if applicable) any prior agreement referred to in paragraph (c) to the extent of any inconsistency.
- (e) By issuing a Purchase Order to the Supplier, the Purchaser orders the Goods, Works and Services (as applicable) from the Supplier on these Terms and Conditions, and, upon acceptance of the Purchase Order, the Supplier agrees to supply and deliver the Goods, undertake and complete the Works and perform the Services (as applicable) in accordance with the terms of the Contract. In consideration of the Supplier fulfilling all of its obligations under the Contract, the Purchaser will pay the Supplier the Contract Sum
- (f) To the extent permitted by Relevant Laws and to the extent the Supplier's terms and conditions are supplied to the Purchaser in respect of the Goods, Works and Services (as applicable), those Supplier's terms and conditions will be of no legal effect and will not constitute part of the Contract (even if a representative of the Purchaser signs those terms and conditions or annexes them to a Purchase Order).

2 SUPPLIER WARRANTIES

The Supplier warrants, represents and undertakes to the Purchaser that:

- (a) without limiting paragraph (h), the Goods, Works and Services will, as applicable, be new and unused, fit for their intended purpose, of a merchantable quality, in accordance with all applicable laws, other legal requirements and recognised industry standards (including Australian Standards) and will comply with all the requirements of the Contract, including any

tests required by the Purchaser and any description of the Goods;

- (b) the Supplier is suitably qualified and experienced and will at all times exercise the degree of skill, care, diligence and expertise expected of a competent supplier of (as applicable):
 - (i) goods such as the Goods;
 - (ii) works such as the Works; and
 - (iii) services such as the Services;
- (c) the Supplier will comply with all directions of the Purchaser and the Purchaser's timetable for the supply of the Goods, Works and Services, as applicable;
- (d) the Supplier has full unencumbered title in any Goods and in any materials incorporated into the Works or the Services (as applicable), and all such Goods, Works and Services are supplied free of all liens, charges and other encumbrances;

- (f) the Supplier will supply and do all things which are reasonably necessary or appropriate for the supply of the Goods, the completion of the Works and the provision of the Services (as applicable), whether or not such things are expressly specified in the Contract;
- (g) the performance of the Supplier's obligations and the use and enjoyment by the Purchaser of the Goods, Works and Services (as applicable) will not give rise to the infringement of any intellectual property rights, including patents and copyright, and moral rights;
- (h) where, and to the extent that, the supply constitutes the performance of Works, the Supplier is responsible for and assumes the risk of any cost, expense, loss, liability, damage or delay it suffers or incurs arising out of or connected with the physical conditions of the property (and its surroundings) where the Works are to be performed;
- (i) in performing its obligations under the Contract, and in providing the Goods, Works and Services (as applicable), the Supplier will comply with all applicable laws, including, without limitation, the NER, all laws relating to fatigue management, speed and mass, dimension and load restraint compliance requirements (generally referred to as "Chain of Responsibility" laws or "Heavy Vehicle" laws), privacy and the protection of personal information (including without limitation the *Privacy Act 1988* (Cth)), the environment and Modern Slavery Laws; and
- (j) in performing its obligations under the Contract, and in providing the Goods, Works and Services (as applicable), the Supplier will not do anything that does or could cause the Purchaser to breach any law (including, without limitation, the NER) or the Purchaser's contractual obligations to third parties.

3 WARRANTIES UNAFFECTED

The Supplier's warranties remain unaffected notwithstanding any information provided to the Supplier by or on behalf of the Purchaser and any review or comment (or failure to review or comment) by the Purchaser in connection with the supply of the Goods, Works or Services (as applicable). Signed delivery dockets are not evidence that the quality or

quantity of any Goods has been accepted by the Purchaser.

4 SUPPLIER'S OBLIGATIONS

- (a) The Supplier must (as applicable):
 - (i) supply the Goods to the Delivery Place by the Delivery Date; and
 - (ii) bring the Works and Services to Practical Completion by the Completion Date.
- (b) The Purchaser will not be obliged to accept and pay for any Goods delivered later than the Delivery Date.
- (c) The Supplier must give the Purchaser reasonable advance written notice of the delivery of the Goods and of the Works or Services achieving Practical Completion (as applicable).
- (d) The Purchaser may direct the Supplier to deliver the Goods on a different Delivery Date or to a different Delivery Place and, if the Supplier can reasonably comply without incurring a material cost increase, it will do so at Supplier's cost. Alternatively, the Supplier will comply after securing written approval from the Purchaser for any additional costs for which the Purchaser will be responsible. If the Supplier cannot reasonably comply, it will immediately notify the Purchaser in writing with reasons.
- (e) The Supplier must arrange all approvals to supply the Goods, complete the Works and provide the Services required by any Authority at its expense.
- (f) In providing Goods, Works or Services (as applicable) under the Contract, the Supplier must not, and must ensure that its personnel and subcontractors do not, introduce Harmful Code into any of the Purchaser's systems.
- (g) Without limiting any other rights or remedies of the Purchaser under the Contract or otherwise at law or in equity, if the Supplier breaches clause 4(f) or clause 2(e) the Supplier must rectify all damage caused, and indemnifies the Purchaser for all costs and expenses incurred by the Purchaser, arising out of or in connection with the Harmful Code.
- (h) The Supplier:
 - (i) acknowledges that the Purchaser has an obligation under the Ring-fencing Guideline not to discriminate either directly or indirectly between its related electricity service provider (as that term is defined in the Ring-fencing Guideline) and a competitor or potential competitor of that related electricity service provider; and
 - (ii) where applicable, must in providing the Services comply with clauses 4.1, 4.2.1, 4.2.2 and 4.3.1 of the Ring-fencing Guideline and clause 4.2.3 of the Ring-fencing Guideline in relation to the brands of the Purchaser, as if the Supplier was the Purchaser.

Without limiting any other right of the Purchaser under the Contract, on the Purchaser's request and within the time stated in the Purchaser's request the Supplier must demonstrate its compliance with this clause 4(h) to the Purchaser's satisfaction (including by providing such information or documents as the Purchaser may require).

5 RISK

The Supplier bears the risk of and indemnifies (and will keep indemnified) the Purchaser Group from and against:

- (a) loss of or damage to any property (including the Purchaser Group's property), all claims in respect of any personal injury, death, disease or illness and claims made by a third party in relation to any breach of intellectual property rights and moral rights arising out of or in connection with the Supplier's performance or non-performance of the Supplier's obligations under the Contract; and
- (b) any cost, expense, loss, damage or other liability suffered or incurred by the Purchaser Group (whether direct or indirect) arising out of or in connection with a breach by the Supplier of the Contract.

The indemnity is reduced proportionally to the extent that any negligent act or negligent omission of the Purchaser Group or its consultants, agents or other contractors (excluding the Supplier) has contributed to the injury, death, loss, damage or liability.

The indemnity in this clause 5 will survive the expiration or termination of the Contract.

6 INSURANCES

- (a) The Supplier must, prior to providing the Goods, Works and Services (as applicable), take out and maintain, at its own expense, the following insurances:
 - (i) where the Supplier is supplying Goods, insurance covering the Goods for their full replacement value against loss or damage including loss or damage in transit to the Delivery Place, and unloading the Goods, to be maintained until the Goods are accepted by the Purchaser;
 - (ii) where the Supplier is performing Works, contract works insurance for any loss or damage to the Works, for their full replacement value, to be maintained until the Works are completed and have been accepted by the Purchaser;
 - (iii) public liability insurance (which includes coverage for liability to third parties for death, injury or damage caused by unregistered plant or equipment) for an amount of not less than \$20,000,000 in the annual aggregate;
 - (iv) if the Works, Goods or Services (as applicable) involve the Supplier undertaking design work or other professional services, professional indemnity insurance for an amount not less than \$5,000,000 in the annual aggregate, which is to be maintained for so long as the Supplier retains liability under the Contract and a further period of 5 years upon expiry or termination of the Contract; and
 - (v) all insurances required by legislation, including workers compensation insurance and, if motor vehicles are used in providing the Goods, Works or Services (as applicable), compulsory third party (CTP) insurance.
- (b) Subject to paragraph (c), the insurances listed in paragraphs (a)(i) to (a)(iii) must note the Purchaser and expressly extend cover for its rights and interests.

- (c) If the Contract Sum is less than \$2,000, the Supplier is not required to comply with paragraph (b).
- (d) If requested by the Purchaser, the Supplier must provide the Purchaser with evidence of its compliance with this clause 6. Such evidence may include certificates of currency (no more than 15 Business Days old), current policy wordings (except where such insurances are prescribed by legislation) or written confirmation from a relevant insurer or reputable broker stating that the relevant insurance is current and complies with this clause 6, including paragraph (b).

7 VARIATIONS

The Purchaser may by written notice to the Supplier request to increase, decrease or omit any of the Goods, Works or Services (as applicable) or change the character or quality of the Goods, Works or Services and the Supplier must use best efforts to comply with that request. If such request causes the Supplier to incur more or less cost than it would have otherwise incurred, the Supplier will notify the Purchaser of the difference and submit its calculations (as applicable) and the Contract Sum will be adjusted by the amount approved by the Purchaser, acting reasonably, prior to the Supplier beginning to comply with the Purchaser's request. If the direction results in a reduction or omission of any of the Goods, Works or Services (as applicable), the Purchaser may have the reduced or omitted part of the Goods, Works or Services performed by itself or a third party in its absolute discretion.

8 EXTENSIONS OF TIME

- (a) If the Supplier is or will be delayed in supplying the Goods by the Delivery Date or completing the Works or providing the Services by the Completion Date (as applicable), the Supplier must immediately notify the Purchaser in writing, including reasonable detail on the circumstances giving rise to the delay in the supply of the Goods or completing of the Works or provision of the Services, and the likely length of such delay, any mitigation measures being undertaken and a revised Completion Date. In this notification, the Supplier may make an application for an extension of time.
- (b) If the Supplier's delay is caused by an event outside its reasonable control the Purchaser may provide a reasonable extension of time to the relevant Delivery Date or Completion Date (as applicable).
- (c) The Supplier shall be liable to the Purchaser for any loss, damage, cost, expense or other liability suffered or incurred by the Purchaser resulting from the Supplier's failure to supply the Goods, complete the Works or provide the Services within the timeframe required by the Contract (as adjusted in accordance with paragraph (b)).

9 ACCEPTANCE OF GOODS, WORKS AND SERVICES

- (a) Unless stated otherwise, the Purchaser will be available to accept delivery of Goods on Business Days between 8.30am and 4.30pm.
- (b) Risk in the Goods will only pass from the Supplier to the Purchaser on the later of when the Goods have been delivered to the Purchaser and unloaded, properly secured, signed for and inspected at the Delivery Place by a representative of the Purchaser and the Supplier becoming entitled to payment for the Goods.

- (c) The Supplier will be responsible for any Works until the Works have achieved Practical Completion.
- (d) The Supplier agrees that title in all materials and goods supplied by the Supplier passes to the Purchaser on the earlier of delivery by the Supplier and the Supplier becoming entitled to payment for such materials and goods.
- (e) The Purchaser is entitled to reject any Goods, Works or Services (as applicable) which contain defects or omissions or which do not comply with the requirements of the Contract.
- (f) Neither the acceptance of the Goods, Works or Services (as applicable), their incorporation or use by the Purchaser, nor payment by the Purchaser under clause 10 will amount to an acknowledgement by the Purchaser that the Supplier has complied with its warranties or other obligations under the Contract, nor relieve the Supplier from any other obligation or liability.
- (g) During the Defects Period, and without affecting any other obligations and/or liability of the Supplier, the Supplier must make good all defects or omissions in the Goods, Works or Services (as applicable) promptly, in accordance with any direction of the Purchaser including, without limitation, any direction to repair or replace the Goods or the Works or to repeat or rectify the Services, and to the satisfaction of the Purchaser.
- (h) If the Supplier is required to make good any defect or omission in the Goods, Works or Services (as applicable) then the Defects Period will extend for a further 6 months in relation to the affected Goods, Works and Services.
- (i) If the Supplier fails to make good any defect or omission in the Goods, Works or Services (as applicable) as required by paragraph (g), the Purchaser may, or may engage others to, rectify the defect or omission and the cost of doing so will be a debt due and payable from the Supplier to the Purchaser.
- (j) The Supplier must ensure that all manufacturers' and suppliers' warranties and installation certificates relating to the Goods, Works or Services which are available on reasonable commercial terms are given either in favour of the Purchaser or severally in favour of the Supplier and the Purchaser. The warranties and certificates must be provided to the Purchaser at the time of delivery or prior to Practical Completion, as applicable.

10 PAYMENT

- (a) The Contract Sum includes all delivery charges and payment for all things necessary and incidental to the supply of the Goods, the completion of the Works and the provision of the Services and shall not be subject to any variation by the Supplier including, but not limited to, variations in the cost of labour and materials or exchange rates unless a variation is instructed in writing under clause 7.
- (b) The Supplier must, with each delivery of Goods, and the completion of the Works or the Services (or as otherwise agreed by the parties), give to the Purchaser a written claim for payment setting out the Purchase Order number, the amount claimed by the Supplier on account of the Contract Sum and such other details as may reasonably be requested or advised by the Purchaser, from time to time, including (where applicable) evidence of payment of any

subcontractors and workers, workers compensation insurance premiums and payroll tax relating to such persons in a form which complies with the requirements of the Relevant Laws.

- (c) The Purchaser will assess the claim and give the Supplier the Purchaser's assessment within the later of 10 Business Days after the Purchaser's receipt of the claim and the receipt by the Purchaser from the Supplier of any further information reasonably requested by the Purchaser. Subject to paragraph (d), the Purchaser will pay the Supplier the amount assessed within 30 days from the end of the month in which the Purchaser receives a valid tax invoice from the Supplier for the amount assessed.
- (d) Where the Services are in the nature of "construction work" or "related goods and services" as those terms are defined in the SOPA, the Purchaser will:
 - (i) assess the claim within 10 Business Days; and
 - (ii) pay the Supplier the amount assessed within 15 Business Days,
 of receipt of the Supplier's valid payment claim.
- (e) The Purchaser may withhold from payment to the Supplier any amount that is less than or equal to the amount claimed to be owed under a payment withholding request served on the Purchaser pursuant to Division 2A of the SOPA.
- (f) Despite any other provision of the Contract, the Purchaser may deduct from any monies due to the Supplier, any money due and payable (or which may become due and payable) from the Supplier to the Purchaser whether under the Contract or otherwise.
- (g) If the Contract Sum is greater than \$25,000 and the Works and/or Services are in the nature of building and/or construction work to which the *Building and Construction Industry Long Service Payments Act 1986* (NSW) applies, the Supplier must provide the Purchaser with written certification that it has paid the amount of the long service levy payable in respect of the Works and/or Services to the Building and Construction Industry Long Service Payments Corporation or the Corporation's agent.
- (h) The Supplier must submit its written claim for payment under paragraph (b) and tax invoice under paragraph (c) to the Purchaser via the method of submission stated in the Purchase Order.

11 GST

- (a) Words used in the Contract that are defined in the *A New Tax System (Goods and Services Tax) Act 1999* (Cth) have the meaning given in that legislation. Unless otherwise specified, all amounts payable under the Contract are exclusive of GST and must be calculated without regard to GST.
- (b) If a supply made under the Contract is a taxable supply, the recipient of that taxable supply (**Recipient**) must, in addition to any other consideration, pay to the party making the taxable supply (**Taxable Supplier**) the amount of GST in respect of the supply. The Recipient will only be required to pay an amount of GST to the Taxable Supplier if and when the Taxable Supplier provides a valid tax invoice to the Recipient in respect of the taxable supply. If there is an adjustment to a taxable supply made

under the Contract, then the Taxable Supplier must provide an adjustment note to the Recipient.

12 TERMINATION

- (a) The Purchaser may terminate the Contract (or any part of it):
 - (i) immediately, by giving the Supplier written notice if, in the Purchaser's reasonable opinion, the Supplier has breached the Contract and that breach has not been remedied within 10 Business Days of the Purchaser notifying the Supplier; or that in the reasonable opinion of the Purchaser cannot be remedied,
 - (ii) the Supplier has become the subject of an application for bankruptcy or liquidation; or
 - (iii) for any reason, and in its absolute discretion, by giving the Supplier 5 Business Days' written notice.
- (b) Upon termination:
 - (i) the Purchaser will pay the Supplier that part of the Contract Sum, as applicable, for any Goods delivered, Works completed or Services provided up to the date of termination that have not been rejected by the Purchaser under clause 9(e); and
 - (ii) where termination occurs pursuant to clause 12(a)(iii), the Purchaser will pay the Supplier the cost of any materials or items reasonably ordered by the Supplier prior to the date of termination and which are to be incorporated into the Works, used in performing the Services or are Goods which were reasonably expected by the Supplier to be required to be delivered and supplied, as applicable, and which on payment by the Purchaser will become the property of the Purchaser. For the avoidance of doubt, this clause 12(b)(ii) does not apply if termination occurs pursuant to clause 12(a)(i).
- (c) If the Purchaser terminates the Contract (or a part of it) then the Purchaser may employ and pay a third party to supply the terminated Goods, Works or Services (as applicable) and the Purchaser or that third party may purchase all materials and goods and do anything else necessary to supply the terminated Goods, Works or Services (as applicable).
- (d) The Purchaser will not be liable to the Supplier for and the Supplier will not be entitled to claim from the Purchaser any losses, expenses, costs, damages or liabilities suffered or incurred by the Supplier arising out of or in connection with the termination of the Contract, other than the amounts to be paid by the Purchaser under paragraph (b).

13 WORK HEALTH AND SAFETY

- (a) At all times during the supply of the Goods, the performance of the Works or the provision of the Services, the Supplier must identify and exercise all necessary precautions and take all reasonably practicable steps to ensure the health and safety of all persons who may be affected by the Goods, Works or Services (as applicable).

 - (ii) all matters arising out of or as a consequence of the supply of the Goods, the performance of the Works or the provision of the Services that give rise or may give rise to risks to the health or safety of any person.
- (f) Without limiting the Supplier's obligations under any other provision of the Contract, where the Purchaser is or has engaged another entity as "principal contractor" under the *Work Health and Safety Regulation 2025* (NSW), the Supplier must comply with any directions given by the principal contractor exercising its lawful authority as principal contractor.
- (g) Prior to the Supplier commencing the Works or Services the Supplier must complete the Purchaser's general induction and site-specific induction requirements.

- (i) If at any time the Supplier becomes aware of any incident resulting in injury, illness, damage to property, any near miss, or any uncontrolled hazard that poses an immediate risk to health and safety, arising out of or in connection with the Works or Services (as applicable) (**Incident**), the Supplier must:
 - (i) immediately (and in any event within 24 hours) advise the Purchaser in writing of the nature of the Incident, and where the Incident is a "notifiable incident" as defined in the *Work Health and Safety Act 2011* (NSW), immediately notify the relevant Authority in the manner and form prescribed by the *Work Health and Safety Act 2011* (NSW);

information as further findings or corrective actions become available.

- (j) The Purchaser may at any time direct the Supplier to immediately stop or suspend any delivery, unloading or related activity where the Purchaser reasonably considers that the activity may pose a risk to the health or safety of any person. The Supplier must promptly comply with any such direction and must not recommence the relevant activity until the Purchaser is satisfied that appropriate controls have been implemented.
- (k) The Purchaser may direct the Supplier to remove any of the Supplier's personnel from the Delivery Place or site where the Purchaser reasonably considers that the conduct or behaviour of that person poses a risk to health or safety or is otherwise unsafe. The Supplier must promptly comply with that direction and must ensure that any replacement personnel are suitably qualified, competent and fit to carry out the relevant work safely.
- (l) Compliance with a direction under this clause does not relieve the Supplier of its obligations under this Contract and does not transfer responsibility for the relevant activity to the Purchaser.
- (m) Any review or inspection by the Purchaser of any information provided by the Supplier under this clause 13 will not constitute the verification or acceptance by the Purchaser of the adequacy of the information, which remains the sole responsibility of the Supplier.

The Supplier agrees that it

will only authorise the disclosure of information under section 275(7)(c) or request information under section 275(7)(d) if the Purchaser approves in writing. Nothing in this clause 16 will prevent any disclosure by the Purchaser that it believes is necessary to comply with its other obligations under the PPS Act.

- (e) To the extent that it is not inconsistent with paragraph (d) of this clause 16 constituting a "confidentiality agreement" for the purposes of section 275(6)(a) of the PPS Act, the Supplier agrees that the Purchaser may disclose information of the kind mentioned in section 275(1) of the PPS Act to the extent that the Purchaser is not doing so in response to a request made by an "interested person" (as defined in section 275(9) of the PPS Act) pursuant to section 275(1) of the PPS Act.

Any dispute which arises between the Supplier and the Purchaser about the Contract must be the subject of at least 6 weeks negotiation at the appropriate authority level before either party commences legal proceedings. The Supplier must, and must ensure that its personnel, comply with all applicable Purchaser Policies, as updated, amended, or replaced from time to time, and the Purchaser's directions relating to the performance of the Contract.
